## ABOUT COMPANY

### **Commitment to Quality, Service, and Innovation**

Established in 1998, PT Dua Putra Perkasa Pratama has grown to become one of Indonesia's leading food trading and distribution companies. From our humble beginnings, today we have diversified our business lines and services into modern food manufacturing, shrimp aquaculture, fishing boat operation, and cold logistics.

We have achieved this success through our commitment to customers and our dedication to quality, service, and innovation.

Looking ahead, we will actively develop more products and services while continuing to build long-term, mutually beneficial relationships with customers and business partners, built on trust and integrity.

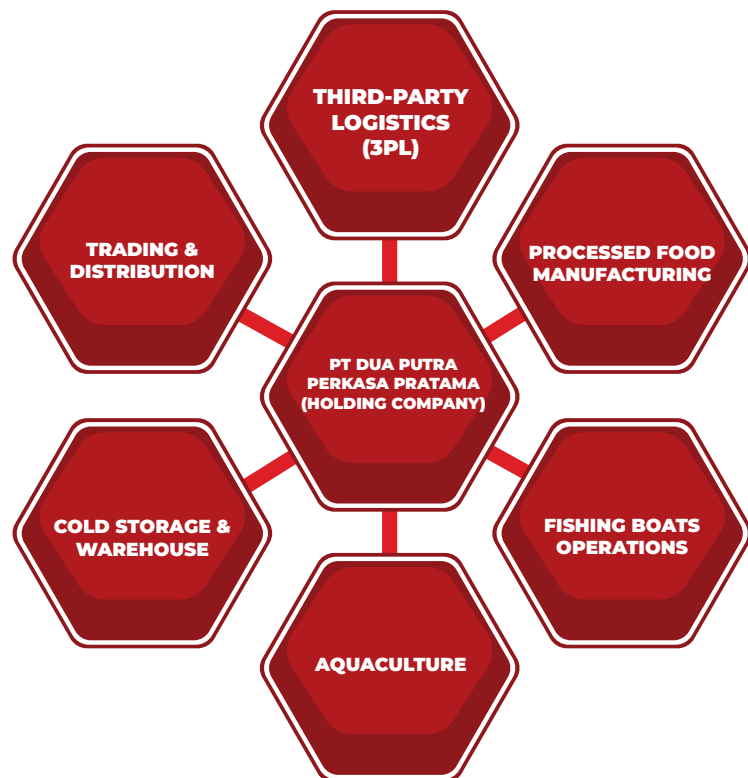

## VISION

To become one of the best provider of food materials and food products, supported by high technology and quality infrastructure in Indonesia.

## MISSION

- 1 Develop strong and mutually beneficial partnerships with business partners to strengthen the national food industry.
- 2 Provide the best service and highest quality products to customers.
- 3 Establish close cooperation with suppliers in good faith and for mutual benefit.
- 4 Committed to continuing the development of human resources with dedication, honesty, and loyalty.
- 5 To maintain social responsibility within the local community.

## CORE OF BUSINESS

# MILESTONES

1998

It all started from retailers and sub-agents of local and imported meat products.

2002

DPP has broadened its services to serve large clients including modern markets, distributors, agents, processed food industries, and traditional markets across Indonesia.

2005

DPP expanded its distribution to include locally and internationally sourced fish products like salem, dory (pangasius), and salmon. Additionally, DPP built its inaugural warehouse in Pondok Gede, Bekasi, with a capacity of 200 tons.

2006

DPP started food processing production with the brand "KINGFOOD" and secured HACCP certification for food safety, ensuring products are safe for Human consumption.

2007

In 2009, DPP expanded by constructing a second frozen warehouse with a 400-ton capacity, followed by a third warehouse of the same size. Additionally, in the same year, the owner of DPP was appointed Chairman of the Indonesian Meat Distributors Association (ADDI).

2014

DPP achieved ISO 9001-2008 certification from UKAS for its quality management system. Simultaneously, DPP began building a cold storage warehouse with a 20,000-ton capacity in the Cipendawa industrial area, Bekasi – West Java.

2015

DPP's Trading, Distribution, and Cold Storage unit has started operating under international standards, with an Operational Procedure System and Warehouse Management System (WMS) in place.

Additionally, DPP stakeholders are expanding into the Fishing and Aquaculture sectors, with plans to build 10 fishing vessels and cultivate shrimp on a 60-hectare area in Kaur District (Bengkulu).

PRESENT

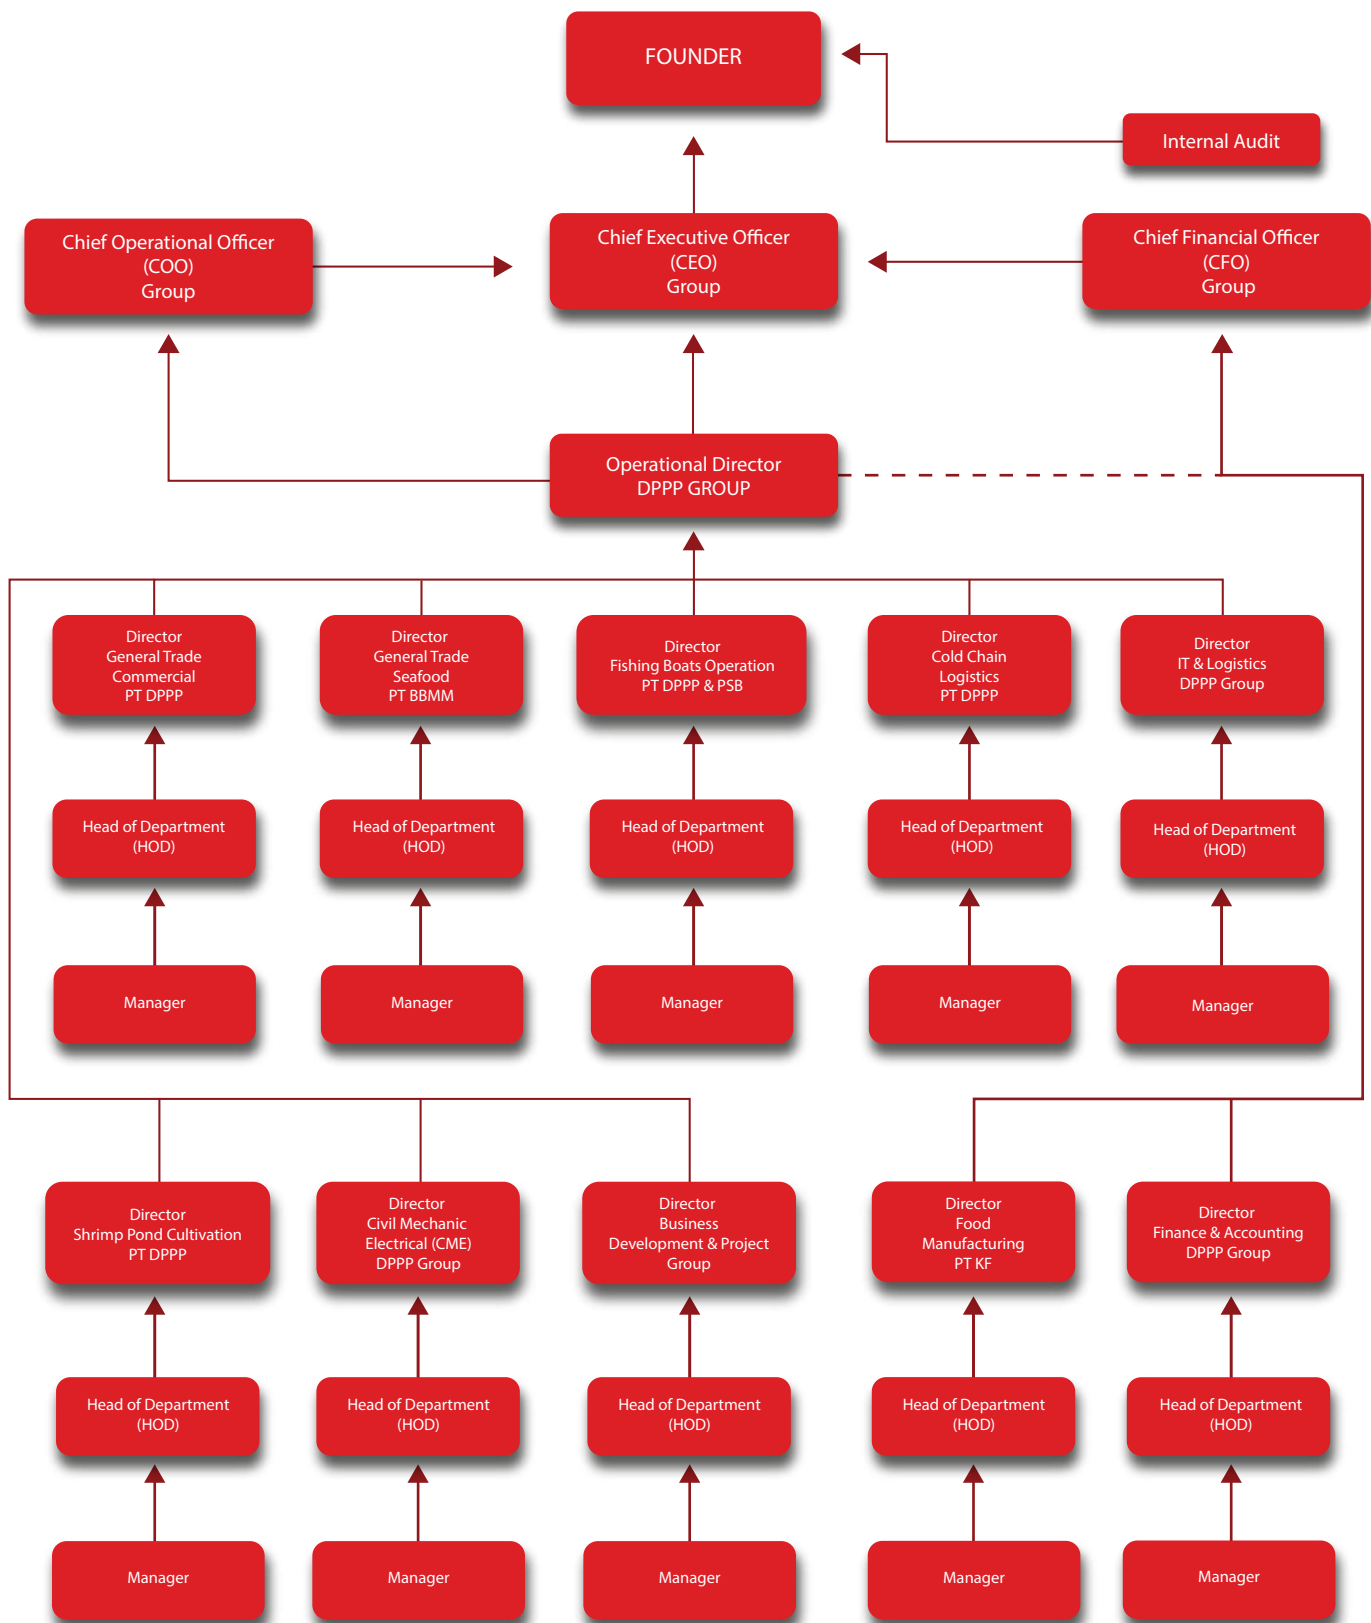

Currently, our company has 3 cold storage warehouses with a capacity of up to 35,000 tons. The rental of these cold storage warehouses serves as an ideal solution for our customers who require storage for products that require controlled temperatures to maintain quality and freshness. DPP is currently constructing a cold storage in Surabaya with modern facility that has capacity of 50 thousand pallets, estimated to accommodate 40,000 tons.

As a company that continues to grow and innovate, we have expanded our business by venturing into the importation of processed food products. Under the brand name KINGFISH, we offer high-quality products that meet international standards. Additionally, we also expand shrimp vannamei aquaculture to 100 hectares in BIMA and 80 hectares in Sumbawa - West Nusa Tenggara. Lastly this year we are adding more places for shrimp Vannamei Aquaculture.
